Current RU artist **Matthias Liechti** and cultural scientist **Valerie Keller** co-curated the artist-run-space **Milieu** in Berne (CH) from 2015 to 2020. In 2022 they will open a not-for-profit space in Basel (CH). Moderated by RU guest curator **Zeljka Himbele** this talk will focus on the cultural-political landscape and funding structure of not-for-profit spaces in Switzerland, as well as on Liechti's and Keller's current research about art which invites for 'critical imagination' - a specific way of producing art, exhibiting art and engaging with the art. An open discussion and drinks will follow the talk.

The project "Kate Birch" was launched by RU artist **Laura Schuler** two years ago in New York when - inspired by the city - the artist released the album "**Sound Of The City**" in May 2020. Now back in town, Kate Birch continues to create performances and play songs using the violin, her voice and some electronic effects. The resulting effect is strikingly personal and spiritual, as experimental, classical, folk and indie pop genres mingle.
