Residency Unlimited and Cuchifritos Gallery + Project Space are pleased to present OUT OF THE BLUE, a group show opening on Friday August 20, 2021 that celebrates the accidental coming together of strangers. In an era of immense polarization, OUT OF THE BLUE indirectly addresses what it means to have (or not have) something in common. The exhibition will feature the work of four international artists whose paths intersect while in residency with one another: Cecilia Abeid (Brazil), Brigita Antoni (Montenegro), Sharon Poliakine (Israel), Predrag Pavic (Croatia).
Without a collective story bringing them together, other than working out of their usual context and being connected in an "out of the blue" fashion, the notion of finding something in common suddenly becomes a chance operation.
